NOTICE TO PIPELINE OPERATORS

Texas Faces Hurricane Threat

The National Hurricane Center is tracking Hurricane Delta, which is currently south of Louisiana. This storm poses a potential threat to portions of the Texas coast. Please send information on any significant operational changes to the Railroad Commission of Texas (RRC) via email to safety@rrc.texas.gov.

All pipelines operators under the jurisdiction of the RRC are reminded to follow Pipeline Hazardous Materials Safety Administration advisory bulletins concerning scouring due to flooding, and damages to facilities due to the passage of hurricanes.

All liquid operators are reminded of the amendment to the regulations requiring inspection of pipelines of an extreme weather event covered under 49 Code of Federal Regulations §195.414.

If you have any questions regarding this notice, please contact the RRC's Pipeline Safety Department at safety@rrc.texas.gov.
